

TRIP HANDBOOK

KILIMANJARO CLIMBING MARANGU ROUTE - 6 DAYS

This document aims to provide the potential Kilimanjaro climber with valuable and accurate information on climbing Mt. Kilimanjaro. We have compiled this information over years of experience as well as from feedback from previous Clients of DONAK Safaris

TRIP DETAILS

Type	- Mountain Trekking
Code	- DS105BC
Duration	- 6 Days / 5 Nights
Start	- Arusha
Finish	- Arusha

TRIP ITINERARY

DAY1: MARANGU GATE (1,800M/5,905FT) TO MANDARA HUT (2,743M/9,000FT)

Elevation Gain: 915 m/3,000 ft

Climbing Time: 5hrs

Distance: 12kms

Habitat: Montane Forest

Depart Arusha around 0800hrs to Marangu Gate for Mountain Climbing Registration. After completing registration, begin your climbing by walking along a narrow trail through the Montane Rainforest. Lunch at Kisambioni Picnic Site, day one's halfway point. After Picnic Lunch carry on walking through the rainforest until reaching Mandara Hut. Relax for the rest of the day or take a short walk to Maundi Crater. The views to the east over Taveta and to the northwest to Mawenzi Peak are spectacular on a clear day, making the short hike well worth the effort.

DAY2: MANDARA HUT (2,743M/9,000FT) TO HOROMBO HUT (3,720M/12,200FT)

Elevation Gain: 977 m/3,200 ft

Climbing Time: 6 hrs.

Distance: 15 kms

Habitat: Moorland

TRIP HANDBOOK

After breakfast, depart Mandara Hut to Horombo Hut. Most of the day's hike will be through Kilimanjaro's moorland, a rocky landscape with desert-like plants. Lunch at Kambi ya Taabu Picnic Site before proceeding to Horombo Hut. If the weather is clear, enjoy stunning views of Mawenzi and Kibo peaks. Arrive at Horombo Hut at around 1500 hrs and spend the rest of the afternoon relaxing.

DAY3: HOROMBO HUT (3,720M/12,200FT) TO MAWENZI HUT (4,600M/15,100FT) TO HOROMBO HUT (3,720M/12,200FT)

Elevation Gain and Loss: 880 m/ 2,900 ft

Climbing time: 3 hrs up and 1.5hrs down

Distance:

Habitat: Moorland

Day three is an Acclimatization Day. We recommend hiking all the way to Mawenzi Hut to allow for Maximum Body Acclimatization. The trek will increase your chances of conquering Uhuru Peak, and also reward you with splendid views of Kibo. Return to Horombo for a late lunch. Spend the afternoon and evening relaxing at Horombo village of huts perched on a small plateau, with buildings similar to Mandara, but with a total capacity of 120 climbers! Horombo is normally bustling with hikers, guides and porters, with an atmosphere of adventure and excitement.

DAY4: HOROMBO HUT (3,720M/12,200FT) TO KIBO HUT (4,750M/15,580FT)

Elevation Gain: 1,030 m/ 3,380 ft

Climbing Time: 6hrs

Distance: 15kms

Habitat: Alpine Desert

After breakfast, leave Horombo Hut, climbing through the moorland and alpine desert of Kilimanjaro's upper altitudes. After climbing for about an hour arrive at Maua River, a small mountain stream. After Maua, the terrain becomes flatter and the vegetation begins to disappear. Picnic lunch at Middle Red Hill. After lunch, proceed on a steady incline for another two hours through Kilimanjaro's Saddle. Although the environment on the way to Kibo is a bleak desert with little vegetation, you will see many stunning views of Kibo and Mawenzi peaks. Reach Kibo Hut around 1500hrs to rest and prepare for your midnight climb.

TRIP HANDBOOK

DAY5: KIBO HUT (4,750M/15,580FT) TO SUMMIT (5,895M/19,340FT) TO HOROMBO HUT (3,720M/12,200FT)

Elevation Gain: 1,145 m/3,760 ft

Elevation Loss: 2,175 m/7,140 ft

Climbing Time: 8hrs to Uhuru, 6hrs descent to Horombo

Distance: 6kms ascent, 21kms descent

Habitat: Stone Scree and Ice-Capped Summit

Around midnight, awake for the final ascent to Uhuru Peak. The climb starts with a demanding five hours to Gillman's Point on the crater rim. Although this is considered to be the easiest of the three crater ascent paths, it is still extremely difficult. The first major rest stop, William's Point, lies at 5000 meters and is approximately a two hour climb Kibo Hut. Continue on for thirty minutes before beginning the rocky switchbacks that will continue to Gillman's Point (5,681 meters). The climb from Gilman's to Uhuru Peak is a gradual climb and as far as hikes go, not very difficult. The altitude, however, makes the hike long and tiring. The crater rim hike takes approximately two hours. Upon reaching Uhuru, take photos of your guide and group at the peak before beginning the descent to Horombo Hut. On the way down from the summit, you will see all of the magnificent views you could not see on the way up. Stop for a short break and snacks at Kibo Hut before continuing on to Horombo Hut. Reach Horombo Hut in the afternoon and enjoy your last night on the mountain.

DAY6: HOROMBO HUT (3,720M/12,200FT) TO MARANGU GATE (1,800M/5,905FT)

Hike time: 4 hrs.

Elevation Loss: 1,920 m/ 6,295 ft

Climbing Time: 6hrs

Distance: 27kms

Habitat: Moorland to Montane Forest

After breakfast, descend to Marangu Gate where you will be awarded Certificate for the successful climb that you have made. Donak Safaris Vehicles will be waiting at Marangu Gate to take you back to Arusha in our affiliated Hotels.

TRIP HANDBOOK

Trip Includes

MEALS

6 Breakfasts, 6 Lunches & 6 Dinners

ACCOMMODATION

Camp (5 nights)

FREE STORAGE

Free storage of excess baggage not required on the mountain trek.

MOUNTAIN CREW

Services of mountain crew (Chief guide, cook and porters)

Trip Exclusions

FLIGHTS

International Flights

INSURANCE

Travel and personal accident insurance

DRINKS

Expenditure on alcoholic drinks, souvenirs and other personal items

TRAVEL DOCS

Visa, Passport, Vaccinations & Medicines

TIPS

Tips and Gratuities

Extra

Expenditure on alcoholic drinks, souvenirs and other personal items

BEFORE TRIP START

Before the climb

Be properly equipped. our final checklist and mark it off, to ensure that you are. Click on Final Checklist to get to this very important step in your preparation.

Be physically prepared

It is important that your body is adequately prepared for the physical challenges of Mount Kilimanjaro. You may opt for the Medical check-up before taking up this challenge.

Mental preparation

You will possibly summit Kilimanjaro successfully. This should be topmost in your mind when preparing for the summit attempt. You should always remain in a positive state of mind, but not overly arrogant. Try to anticipate various different scenarios, which you may possibly encounter on the mountain and try to work out the most suitable course of action, mentally by yourself or even as a group. Remember if you are properly equipped, you have taken everything as indicated on the final checklist, you are physically prepared and have all the knowledge gained from this DONAK's guide – you will be mentally confident for the physical part of Kilimanjaro.

Adequate travel insurance

Make sure that you have adequate travel and medical insurance, which will also provide you with cover for the climb up Kilimanjaro.

On The Mountain

Go slowly – “Pole Pole” as they say in Swahili! This is also very important during your first days of climbing. Even if you feel well, slow down and enjoy the scenery. The biggest cause of altitude sickness is ascending too high too fast! The slower you hike to more time you give your body to acclimatize.

Drink enough water

Make sure that you drink at least 3 – 4 litres of liquid a day – preferably water. For your first day it is recommended that you take along fresh water, which may be purchased at the Hotel in Moshi before your climb. Running water on the Mountain is safe to drink from day-2 onwards, but care should still

TRIP HANDBOOK

be taken. If you are not used to fresh water in nature, prevent any inconvenience by using water purification tablets. REMEMBER! A functioning “body water balance” is one of the keys to a successful climb!

Walk high – sleep low

If possible and especially on your acclimatisation day “walk high – sleep low” Try to do a short evening stroll to a higher altitude and then descend to sleep at the camp at a lower altitude. This is essential on your acclimatisation day.

Packing

Our DONAK Safaris’ mountain Guides advises you to take enough clothing, especially socks to last for this period. Due to frequent rainfall as well as numerous streams on the Routes, it is advisable to pack items individually in your Bag. These individually packed items should be wrapped in plastic Bags to prevent them from getting wet in case of rain or of being accidentally dropped in a stream.

New batteries

Replace your head lamp and camera batteries with new ones on your summit night

Malaria

Malaria occurs below 1800 meters and you should use the recommended prophylactics. Please consult your Doctor about these. Currently, there are various preventative medication products available which will be effective against the Malaria strains currently found in Tanzania. Women using oral contraceptives should consult their Physicians before using prophylactics.

Camera

Taking pictures with a fully automatic Camera at the summit of Kilimanjaro is possible, and most people do this. The secret is to always have a new Battery in your camera when going into cold areas at high altitude. A mechanical camera works just as well, provided you have the knowledge to operate it successfully. Cameras exposed to cold do not cease functioning, but remember that if you keep your Camera inside your jacket and the lens becomes warm, chances are that it will form condensation when suddenly exposed to extreme cold. This condensation will freeze under conditions at the

summit. Therefore, keep your camera dry at all times. The Most Important Tip of All – ENJOY THIS ONCE IN A LIFE TIME EXPERIENCE!!!

What to bring-Packaging List

Baggage and Sleeping kit for climbing Kilimanjaro

- › Large Rucksack or Hold all, 70-90 liters capacity (for kit carried by porter)
- › Day sack, 25-35 liters (for personal use on mountain; ready-access items)
- › Sleeping Bag (minus 10 degrees Centigrade rating or colder).
- › Waterproof rucksack liner or heavy duty plastic sack
- › Elasticated waterproof rucksack cover

NB: sleeping mattresses are not required as we provide these for you.

Clothing for climbing Kilimanjaro

- › Sweat-wicking T-shirts / vests
- › Fleece
- › Insulated down jacket or similar.
- › Down mittens or similar.
- › Thermal long-johns for summit night.
- › Lightweight walking trousers (avoid jeans or heavy cotton as they chafe and dry slowly)
- › Underwear (briefs are usually better than boxer shorts which gather and chafe)
- › Very good quality hiking socks and thin liner socks. (We advise that socks should be at least a size too small otherwise they stretch and bunch causing blisters)

Breathable lightweight waterproofs (jacket and trousers).

- › Waterproof walking boots, sturdy and worn-in. A Gore-Tex membrane or similar is advised. While Alpine or C3 boots are not required for Kilimanjaro it is important that your boots have good ankle and arch support and good deep tread patterns.
- › Calf gaiters
- › Balaclava
- › Gore-Tex Mountain Cap or Woolen Hat

- › Wide brimmed sun hat to protect face, ears and neck

Hygiene related gear for use on Kilimanjaro

- › Toothbrush, toothpaste & deodorant
- › Flat packed Wet Ones, travel wipes, or similar for personal hygiene on the mountain.
- › Kleenex tissues in plastic travel pouches or toilet paper
- › Hairbrush / comb
- › Sanitary products
- › Lip salve with UV protection
- › Vaseline, to prevent chafing skin and heel friction blisters

Health related items for Kilimanjaro

- › Malaria Tablets (if you choose to take these. Most will seek advice from their GP. Note that some anti-malarial courses need to commence several weeks before departure)
Factor 30+ sun cream
- › Sun barrier cream white / blue for nose and ears

Documents needed when travelling to Kilimanjaro

- › Passport (with additional 6 months' validity after proposed expedition return date)
- › Tanzanian Entry Visa. (If flying to Nairobi and taking the bus to Arusha Kenyan visas can be bought on arrival at Nairobi airport.)
- › Air Travel Documents
- › Cash in US dollars in denominations of \$10 and \$20 and \$1 (tipping allowance and local purchases, taxis, meals, etc.)
- › Credit Card (recommended for eventualities only)
- › Travel Insurance Documents
- › Vaccination Certificates (Yellow Fever, if visiting a 'risk zone' prior to entering Tanzania)

Traveller's Cheques are not recommended as they are subject to very poor conversion rates in Arusha.

Other things recommended to be carried when climbing Kilimanjaro

- Camera and film or Digital Camera and spare memory cards
- Sunglasses with UV-filter lenses
- High energy snacks (Cereal bars, dried fruit and nuts)
- Spare Contact Lenses and fluid, if worn
- Watch
- Head torch with spare batteries and bulb for summit night & tent admin
- Water bottles & Camelback (3 liters carrying capacity)

Optional but recommended: Nuun hydration aids (portable electrolyte replacement tablets)

- Water Purification Tablets / Iodine drops
- Ear Plugs and blindfold (to aid sleep on afternoon before summit night)
- Plastic bags (for dirty washing, wrappings, etc.)
- Telescopic walking poles (optional)
- Mobile phone. There is signal reception on most parts of the mountain. It is a good idea to unlock your phone before you come out so that a local sim card can be used.

Optional but recommended: *a good, strong, thermally efficient blizzard survival bag. We strongly recommend that all climbers possess one of these, especially when training alone or in small groups while preparing for Kilimanjaro. On Kilimanjaro, perhaps 10 - 15% of climbers complain to their guides of being cold in their sleeping bags, despite using a bag that is rated for minus 20 degrees C or lower. This is because the body generates less heat when there is relatively little oxygen available. Having one of these bags will reflect much of that precious heat back to where it's needed.*

Personal Small First Aid Kit to be carried by each climber on Kilimanjaro

- Pain Killers (Ibuprofen)
- Diamox (Acetazolamide) if you choose to use this.
- Paracetamol
- Zinc oxide tape and small scissors.
- Compeed Blister Pads
- Loperamide Diahorrea Tablets
- Any medication you normally use

TRIP HANDBOOK

- Dioralyte sachets or similar rehydration packs.

Note that your guide will carry a more comprehensive medical kit containing additional Acetazolamide, Ibuprofen, Anti-inflammatory gel, bandages, Loperamide, Amoxicillin, Oral Dexamethasone, and several other items.
